

Glass swing turnstile

ZOJE-B202® Glass swing turnstile is a popular product, the turnstile gates feature stylish cabinet and advanced optical sensing technology, making them one of our best-sellers. It is topped with a piece of black tempered glass, which makes it look nicer and more modern. If the project requires the use of stainless steel, we can also change it to stainless steel..

Glass swing turnstile

ZOJE® Glass swing turnstile is designed to control pedestrians entering or exiting restricted areas, usually used of high pedestrian traffic flow in both directions. ZOJE-B202 swing gate turnstiles are designed to seamlessly integrate with access control, CCTV and whole building management systems, securing people and business. High sensitivity optical sensors are integrated to detect visitors approaching, ensuring top safety for all pedestrians.

The Turnstile box is made from brushed stainless steel 304 or 316 which creates a seamless and elegant access point to blend into most indoor environment.

It can be integrated with any kind of access controller system (e.g. : RFID device, QR code, Fingerprint and face recognition).

In case of emergency, the Swing Turnstile arm will open automatically to allow free passage.

ZOJE Glass swing turnstiles are suit for elegant and luxury entrance solutions.

Product Parameter (Specification)

	Standard	Optional
Turnstile Type	Speed gate turnstile	–
Dimension	1400*146/203*1000mm (L*W*H)	Customized
Material	304 Stainless Steel	316 Stainless Steel
Channel Width	600mm	900mm /Customized
Door Material	Acrylic	Tempered glass
Drive Type	Brush motor	Brushless/Servo motor
Unlock time	0.2S	–
Direction	Single / Bidirectional	–
Power Supply	AC110–230, 50/60Hz	–
Operation Voltage	DC24V, 3A	–
Function	Fail safe, anti-clamping, anti-pinch	–

Working environment	Indoor & outdoor	-
Working Temperature	-70 C -15 C	-
Relative Humidity	Less Than 95%, No Condensation	-
Pass Speed	35 person/Minute	-
Input Interface	Dry contact/Relay Signal	-
Communication Interface	RS485/TCP/IP	-
LED Indicator	Yes	-
Emergency	Open Automatic	-
Waterproof	IP67	-
Access Control	Can be integrated with any kind of access control system.	-

Product Feature And Application

ZOJE-B202 swing gate turnstile

- Unique technology: Self-developed mechanical structure together with powerful motor enables the turnstile running smoothly and stably in the long run.
- The width of the channel can be customized according to project requirements
- High sensitivity optical sensors are integrated to detect visitors approaching, ensuring top safety for all pedestrians.
- The Equipment Has A Device And Circuit Testing Function, Easy Maintenance
- Equipment With Traffic Indicator
- Equipment With Automatic Protection, Automatic Reset
- Unified standard external electrical interface, which can be connected with various reading and writing devices (ID Card / IC Card / EMcard / Fingerprint Face Recognition / QR Code / ESD system)
- ZOJE-B202 swing gate turnstile widely used in office building, bank and other places, can be easily integrated with your existing control software.
